**No. 2433**

---

**Introduced by Assembly Member Travis Allen**

February 19, 2016

---

An act to add Section 2195 to the Elections Code, relating to voter registration.

LEGISLATIVE COUNSEL'S DIGEST

AB 2433, as introduced, Travis Allen. Voter registration database: interstate exchange of voter registration information.

Existing law requires the Secretary of State to establish a statewide system to facilitate removal of duplicate or prior voter registrations, to facilitate the reporting of election results and voter and candidate information, and to otherwise administer and enhance election administration. Existing law also requires certain affidavit of voter registration information to be provided to, among others, any person for election, scholarly, journalistic, or political purposes, or for governmental purposes, as determined by the secretary.

This bill would require the Secretary of State to enter into agreements to share information or data with other states or groups of states in order to improve the accuracy of the statewide voter registration database, as specified. The bill would require the secretary to ensure that any confidential information or data provided by another state remains confidential while in his or her possession, and would authorize the secretary to transmit confidential information or data pursuant to those agreements. The bill would also authorize the Secretary of State to adopt regulations necessary to implement these provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*
